

# 3832 Touch Release

*Holds drawers closed until activated by touch.*

## Ideas for residential applications

Whether it is the sleek elegance of clean drawer fronts or the ergonomics for those who have difficulty grasping knobs or pulls, the 3832TR is a popular choice for a number of creative applications. Here are some ideas for a luxury bathroom vanity.

*This unique medicine cabinet slides out to the side on touch release slides. Great for tight spaces. Simply press the surface and the touch release slide pops open about 2 inches.*

*Opulence abounds when you install drawers with custom cubbies to hold hair dryers, curling irons, etc. Hide away damp towels on a pull-out towel bar keep the countertop clear.*

## 3832 TR

- Full extension
- 100-pound load rating
- Black, zinc, or white finish (Zinc and White finishes are RoHS compliant)

*How about a built in magazine rack? Having a place for everything helps keep the space organized.*

*Stash the soiled laundry to keep the space neat and clean. Hooks hold the bag for easy removal on laundry day.*

*Take advantage of every bit of space by installing toe kick drawers, which are a perfect match for the touch-release action. Store soap, small bathtub toys, washcloths, and more.*
