Accuride[®]

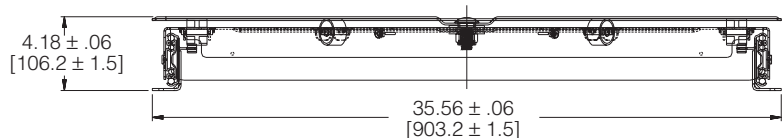

Flat Panel/Widescreen TV Swivel

The growing trend toward home theatre set-ups that include flat panel or widescreen televisions means bigger entertainment units that call for sturdier, more specialized mounting hardware. Accuride introduces the Flat Panel/Widescreen TV Swivel, designed to safely handle larger televisions up to 65" wide and 325 pounds.

Features and Benefits

- **325 lb. [147 kg] load rating** accommodates today's larger TV's.
- **Full extension 9300 series slides** provide sturdy support.
- **Optional bracket kit** available for flat screen TV mounting.
- **Platform** secures in partial or fully extended position for added safety.
- **A 30° swivel in both directions** provides viewing flexibility and access to unit wiring.
- **Hole pattern** designed for decorative platform installation.
- **Front downturn bracket** provides easy installation of decorative fascia on front of unit.
- **Swivel plate finish** is black powdercoat, slide finish is black electroplate.
- **Standard 22" [559 mm] length.**
